ICEBERG

POU Water Cooler

The Iceberg under sink water dispenser is available as a Cold Only Chiller. Created especially to accommodate small spaces conventional dispensers are too large for. Measuring only 12" x 16" x 12", the Iceberg's compact design will easily fit under most sinks. An impressive output capacity of 3 gallons per hour, the compressor driven chiller provides exceptional cooling performance. Simply connect the Iceberg to a countertop mounted faucet for cold water on demand.

Features

- #304 stainless steel cold water reservoir
- Copper evaporator
- Adjustable cold water thermostat
- Powder coated cold rolled steel casing
- Sink mounted faucet not included
- Pressure Reducing Valve and Shock Arrestor protect from water mains pressure surges
